

STORYLINK PRICING AND ROYALTY SCHEDULE
Appendix A

Authorlink Rate Schedule
Effective September 1, 2006

For each story uploaded by the Supplier through MY ACCOUNT, Authorlink will pay the Supplier (author) 40 percent (40%) per download sale verified by Verisign or Paypal as a cleared and paid transaction.

Royalties are calculated by Authorlink on the basis of a unique identifier for each uploaded Content item or story added by the Member. The identifier is automatically assigned by the Authorlink software system.

The present Supplier royalty rate is forty (.40) cents per ninety-nine-cent (.99) download.

Royalties will be paid for verified download purchases of Content on a daily basis if you have a Paypal account and have chosen this option for method of payment. Your Paypal account must have the same e-mail address as your Authorlink account. We deposit the royalties due you into your Paypal account at the end of every day.

If you do not have a Paypal account, royalties will be paid for verified download purchases of Content on or about the fifteenth day of the month following the close of the calendar quarter provided royalties reach a minimum of \$50. Lesser amounts will be carried forward to the next quarter(s) and accumulated until they exceed the minimum. All royalties are net of applicable taxes, financial institution processing fees, legal withholdings, or amounts owing by the Supplier to Authorlink.

Payment will be made by check to the address on your MY ACCOUNT profile, or to **the Paypal account you specify on your Storylink membership form.**

Please note that you **MUST** be a member of Authorlink in order to earn Storylink royalties.
